

IMPERSTON General

anti-stain, oil and water-repellent protecting agent

Line

PROTECTION

Function

IMPREGNATOR, ANTI-STAIN, OIL and WATER REPELLENT, antimog, antimould .□

Protects against water, oil and grease: makes the surface stain resistant by preventing the formation of spot. It doesn't anyway protect against acid substances.

Materials

Recommended for all types of porous materials

How to use

Apply the undiluted product to clean and dry surface and allow to penetrate. For very porous materials, it may be necessary to repeat the application one or two times more. Do not allow the excess product dries on surface, especially on polished surfaces, it could be cause of streaking and clouding. The excess product can be removed with a rag dampened with IMPERSTON, or with its REMOVER or with buffing machine with soft pad. On porous surfaces a second application may be necessary after the first has dried

Packaging

250ml e 1-5-10-25lt

Characteristics

Contains organic polymers and solvents

Important

A PRELIMINARY TEST IN A SMALL, HIDDEN, AREA IS RECOMMENDED BEFORE THE APPLICATION.□

USE ONLY ORIGINAL CONTAINERS; NEVER POUR THE PRODUCT INTO OTHER METAL OR GLASS CONTAINERS.□

Solvent based product: apply in well ventilated areas while wearing impermeable gloves. For more information, see product label or product Safety Data Sheet□
